EUROPEAN POSTGRADUATE COURSE IN ANGIOLOGY/VASCULAR MEDICINE

UEMS-EACCME Accredited

By: VAS European Independent Foundation in Angiology/Vascular Medicine

The European Postgraduate Course is a unique Course finalized to create a European view on Angiology/Vascular Medicine, offering Lessons by the main experts in the different areas of this Specialty to European and International students.

Teachers are Members of the **VAS International Academy-Teaching Panel Vascular Medicine**

The students will have both the necessary knowledges about physiopathology, diagnosis and therapy as well as epidemiological data on the trend and burden of the major vascular diseases, arterial, venous, lymphatic and of microcirculation.

They will also receive knowledges on major risk factors and up-dated therapies as well as on statistics necessary to interpret clinical trials and literature and to identify un-correct conclusions.

A module on Bioethics is enclosed, as a relevant part of the medical knowledges, even as vascular experts.

It is an E-Learning Course, in English, for MD

It is a Course integrated to the complex VAS and UEMS accredited defined offer of European Educational and Recognitions.

With the Postgrad Course, Students will receive:

- Lessons on the main areas of Angiology/Vascular Medicine
- Up-dated literature and the Reference Text of the VAS European Book in Angiology/Vascular Medicine
- Free optional Participation to European Angiology Days, Annual Academic meetings
- The European Training Fellowship (ETF-VAS) that recognizes Postgraduate European /International Students active in Training both in Clinical and/or in Research
- Final VAS Certificate

Modular organization:

- Students interested in continuing to follow a Tutorial and training Course are able to be included into the European Master Course by VAS.
- They will be able to follow the requested program in one or more of the selected European Centres
- The Tutorial and Training Course is a tailored Course, offering a complete training or a specific training of areas not already covered by the Student, after a general assessment of her/his competence/cv
- The European Master Course gives the VAS European Master Course Certification
- This certification allows to apply for the CESMA-UEMS European Exam to obtain the UEMS European Diploma in Angiology/Vascular Medicine
- The UEMS European Diploma is requested to apply for the European Fellowship of Excellence (EFE-VAS)

KEY LESSONS TOPICS

1.Introduction to Moodle and VAS-Campus Platform - M. Gianfranchi Star-t – VAS Campus- IT

A

2.Biomedical Ethics

B

3.Chronic non Communicable Diseases

C

4.Microcirculation

D

5.Venous Diseases: CVI – TED

E

7.Lymphedema

F

8.Arterial Diseases

G

9.Vascular Diseases of the Gastrointestinal Tract

H

10.Vascular Ultrasounds

I

11.Risk Factors

L

12.Statistics

M

13. Miscellaneous

OPTIONAL LESSONS

30 PROPOSED LESSONS

European Angiology Days International Vascular Medicine Academic yearly Meeting are part of the program and participation is requested (no registration fees)

Conflict of Interest Declaration

VAS has collected COI of the VAS European /International Teaching Panel and guarantees independence from any link, pressure economic, political or of any other nature.

Independence of Education is one of the main VAS Ethic Commitments that are published inside the VAS European Book on Angiology/Vascular Medicine (and reported below).
