

2nd VAS Laboratory for Vascular Medicine-Yearly upgrading on European and International Projects

2026 March 6-8, Italy-Concorezzo -MB- (border of Milan)

Brainstorming and open collaborations to build new steps on, to enforce efficacy of Angiology/Vascular Medicine proposals for people and society.

The Event will be a new, creative, in presence meeting, organized in reserved Focused Tables, where are defined new projects or are discussed and ameliorate ongoing programs.

Last day, a common discussion on the reports of the Tables.

The aim is to have few dedicated peoples and really interested participants, being open if others are interested to actively cooperate.

Yearly, organized by different countries.
